

Please strongly consider contributing to our irrigation fundraiser. Money raised will purchase all new sprinkler heads, new smart-phone based controllers that will allow remote operation of the system to save labor and water, and automatic fairway irrigation on all but the par 3 holes! We need a minimum of \$200,000 to accomplish this project, and hope to collect the funds by March 2026 at the latest to take advantage of huge discounts currently in place.

Red Oak Country Club has been an important recreational asset in our community for 101 years, and our irrigation system is wearing out. Let's raise this money so our course will be one of the best in this part of the state, well into the future.
